WHERE DOES THE MONEY COME FROM?

HERE IS \$400 000 MORE IN SIGHT

ysburg Has Three Banks That Are Man aged With Marked Succes And

Where does all the money come from Every one knows that the United States at the various mints coins mone out of the precious metals. Every one knows likewise that all paper money, whether it is greenbacks, silver certailcates, National Bank notes, or gold certificates, are made at the Bureau of Eqgraving and Printing of the Govern ment. The question above is asked in a more restricted sense. Where does all the money come from which is today floating in Gettysburg? There is today about four hundred thousand dollars more money in sight than there was twenty-two months ago. Was it in existence before that time? Where did is come from? How much more is there where this has come from? Four bundred thousand dollars is a large sum of money for Gettysburg, almost half a nillion. Yet here it is in sight where it was out of sight a short time ago.

Let us explain this phenomenon more closely. February 18, 1901, the Citizens' Bank opened its doors as a new banking institution. Some people may have supposed that the business of the new bank was necessarily to come off of the two old banks, and hence would injure their business. Such has not proven to be the fact. The Citizens' Bank has had wonderful success from the moment it opened its doors, but instead of the business of the two old banks decreasing

The Citizens' Bank started with a capital of \$50,000, which was not, however, all paid in until August of 1901. It would only be a perfectly natural result that there would have to be an adjustment of money to the new condition of three banks instead of two. The report of the condition of the two national banks made on July 15, 1901, showed this: The resources of the Gettysburg Gettysburg in July were \$940,654.59, or \$1,525.66 less than they were in February. Money makes money. Competition in money seems to produce more money. The three banks were in full swing by August, 1901; and now see what takes place by December 10 of the same year the date of the next statement of the two national banks. The resources of the Gettysburg National Bank have now \$21,357.05 over the February figures. The First National Bank's resources have run um to \$971 001 36, an increase of seem to be picking up money just as fast

\$28,881.11 over the February total. of \$1,020,534,86.

This steady growth of the volume of money may be better understood in figares. February 5, 1901, the entire resources of the Gettysburg National exactly, in figures, \$1,081,186.88. The esources were in the shape of loans and liscounts, U.S. bonds to secure circula ion, real estate, stocks, due from other sanks, and money reserved in bank. The fact does, however, explain some other things—that our community is in a prosperous condition, and that we have bree excellent banking institution which are managed with marked success and ability. It shows that the Citizens Bank has not injured the other banks in establishing its business. That it has built up a wonderful business of its own in a short time, and that the competitor has had the effect of being helpful to the other banks toward bringing about an

baby insurance is Maurice C. Eby, of this city.

In an open letter he writes:

"It has been my privilege to be connected with the Society for the Prevention of Cruelty to Children as an authorized and active officer for eight years (without compensation), and during all my career the experience I have had prompts me to brand the insurance of the lives of babes as un-Christian, barbarous and heathenish. The filial affection after once placing the death sum upon an infant is lost in the household, the money consideration is harbored and the parents' heart becomes as hard as Pharsoh's toward the offspring; in fact, in many instances it is not the parent but a person in nowise related or interested in the little one.

"At the present time there is pending in the courte of Dauphin county a case of cruelty to a young girl, with threats of taking her life, and the insurence policy is in the hands of a humann lady, who will produce it, together with evidence, at court to convict the aunt. Mr. Leonard, agent S. P. C. A., did have a serione case one year ago, and can substantiate the fact that an insurance policy upon the child was the cause of starvation.

"I have at the present time a case in Steelton, Pa., where a mother abandoned a female child at birth, and the negro family to whom it was coneigned had the same insured. You should see the poor little waif and frail creature existing upon earth, truly pitful. In the presence of wincesees the declaration was made to me by the same woman who has the custody of the child that her babe whom she nursed was insured and poison ed by enemies. I write you these facts in order to uphold these convictions that the method of child insurance is entirely wrong and assert 'that the hall has not been told."

In the government crop report recently issued it appears that the acreage winter wheat throughout the country very considerably larger and the condition of both wheat and tye very much better than during any of the past ten years at this season, Pennsylvania rankg among the first in general average. We are glad to note that the same con dition prevails in Adams county, both wheat and rye having gotten a good stand before winter set in, and promis

ing, in so far as present indications go

Farming has changed a great deal it Adams county, and wheat is not now considered, as formerly, the chief product of the farm. Our farmers are turning their attention more and more to their live stock as a profitable investment and are making their farming operations tend in that direction. Yet many uses on the farm. A fine stand in the fail is always an encouragement.

Gettysburg has the proud distinction of baving furnished during the past summer the camp of what has been declared to be an unsurpassed body of soldiers in the National Guard of Pennavivania. Major Wm. P. It was in a camp that very many of our citizens contributed toward in money and labor to make what it was termed. success. This praise necessarily includes camp as well as sofdiers and is gratifying

This praise is high encouragement to our local company of soldiers to persevere in their organization until they are admitted into and become a part of the National Guard, unsurpassed in many respects by the regulars. This ideal camp, this praise of an un-

Gettys burg is the Mecca of all soldiers and patriots. It has an encampment ground which can not be surpassed by any other site in the state. There is no good reason why it should not be a permanent en-Guard organization.

This matter was talked about during and after the last encampment. We hope to see it taken up in earnest by our people. There should be an organized effort to present it to the Legislature and push it forward. The time is almost at hand to go to work on the matter.

Read Major Duvall's report. It is well worth it. It is as follows: on reported for outgoing transportation wribed time. The delays (triffing ones, consid ering the moving of so large a body of troc in so short a time, were caused by the rail-road companies. Yet the railroad service was remarkable good. The entire movemen, —number of troops, railroad equipment re-quired, shortness of time—is noteworthy. The system of frequent inspections by a corps of specially selected inspectors, and of insecorable disbandment or muster-out of organizations which fall markedly behind the high standard exacted is, I think, the chief secret of the astonishing and comforting anc-cess achieved by this great Commonwealth in its citizen soldiery.

The esprit of the Guard is one of the most

Greeting

A Christmas

THE JOYFUL CHRISTMAS TIME IS FAST APPROACHING ... the Holiday season is now here. People of all conditions in life are contemplating what they will do toward making this time of "Peace and Good Will," of especial interest to loved ones or friends.

Quite naturally, business men-those who are wide-awake and enterprising-are ready to place before prospecting customers, the merits of their stock. We, being prompted by this idea, would respectfully submit, that, on account of having an unusually large and up-to-date line of entirely new goods consisting of CLOTHING, HATS, CAPS, SHOES, GENT'S FURNISHINGS, ETC., it will be to your advantage to deal with us. We have prepared in a special manner for the Holiday Trade, and venture a few suggestions in regard to our stock:

IN MEN'S SUITS

We have the finest line to select from ever placed before the people of this community. Could snything be more appropriate for a Xmas gift than a nice suit of clothes? We have them at prices that will surprise the most economical buyers. If you contemplate a purchase in this line, call to see us. We are sure to more than please you, both as to quality and price.

OVERCOATS

Can anyone think of a more appropriate present at this time, than a good, warm, overcoat? You will find an endless variety of them in our store. Overcoats for the grown man or the small boy. Then, too, the quality of our overcosts cannot be excelled, and the price is all right. As they were purchased for cash, a special price was secured and our prices will make every buyer a friend.

A NICE SUIT

Or warm overcoat, or both, would certainly make your boy feel thankful. And where is the parent who would not look with pride and satisfaction at their little man comfortably clothed? Come to us and see how nicely we can fix him up. The outlay is small. We can please you.

Mufflers and Silk Handkerchiefs

We have some beauties, and a young lady who wishes to please her best beau, can do no better than make a purchase from this secrement.

Trunks, Satchels, Etc.

If you are in need of anything in this line call on us. We have trunks, satchels, talescopes, dress suit cases, etc., in great variety

Father or brother could receive no more suitable gift than a nice for cap. Have you seen ours? If you have not, we want you to drop in and let us show them to you. No finer goods ever exhibit ed in Gettysburg.

Kid Gloves

Fur Caps

While the subject of Xmas gifts is being discussed, it is perfectly proper to mention kid gloves. We have the awellest in town. Could anything be nicer for a gift? Come and examine them.

Our stock of shoes for ladies, gents and children has been selected with special care. We buy from the most reliable factories, and can safely recommend them for durability and lowness of price.

An umbrella is a very useful article—in fact a necessity. If you have thought of buying one, see our offerings. Nothing handsomer in the way of Men's Unbrellas

was selected with great care and we feel that the most fastidious dresser can be pleased. Our cases contain all the little articles neces sary for genteel dressers. You will find cuff buttons, collar but-tons, sleeve links, studs, etc. All good and reliable.

Shirts, Ties, Jewelry

Our assortment of abirts and ties

tons, sleeve links, studs, etc. good and reliable. Men's Hats and Caps Of hats we have a full line of the

very latest, up-to date styles, in all the standard makes.

TAKE A LOOK AT THE DISPLAY IN OUR WINDOW

PERMANS you may be able to get a suggestion there. Lots of nice things to make a Xmas selection from. People who have purchased clothing, shoes, hats, collars, gent's furnishings, etc., in the pass continue to be our customers. They do this probably because they find it profisable to do so. Our best efforts are made to please and satisfy all who deal with us, and uniform, fair dealing has won for us the confidence of the public. We extend cordial invitations to everybody to come to see us during the Holiday Season. Greater value for less money is guaranteed

YORK COUNTY MAKES A LOAN. Commissioners Borrow \$230,000 to Pay off

Temporary Bank Loans.

Your, Thursday-The county commusioners within the past few days have borrowed \$230,000. To secure the money the commissioners have floated bonds which will bear three and one-half per cont. interest. The bonds are being sold by a firm of Parladelphia bankers, Jones & Company. When the money is recerved the commissioners will use \$186,-000 to pay off a number of temporary loans made from local bankers for which suits have been brought and the balance will be used to reimburse the county almshouse toud and to build a bridge across the Codorus creek at Richland

To provide for the payment of the bonds the commissioners have levied an annual tax for toe bank refunding bonds as follows: During years 1900 to 1906 inclusive, an annual tax of \$14.068 : during years 1907 1911, \$10,474; during 1912 1916, \$9,694; 1917-1921, \$5,914; 1922 1926 #15,134; and 1927-1931, \$13,334.

The nails turning blue is a sign of defective circulation as is the bloating of the arms and legs. Other common symptoms of heart disease are shortness of breath from slight exertion, pain in or near heart, smothering spells, paipitation or fluttering, weak, tired and hungry spells, dreaming and nightmare, sudden starting-in sleep. In severe cases the brain, stomach, lungs, etc., may become so disordered as to mislead the physicians as to the nature of the disease. If you suffer from any or all of these symptoms your heart is diseased and treatment should not be post-poned a single day. Dr. Miles' Heart Curis guaranteed to help you as it has helped thousands of others. Deputy Secretary of Agriculture A. L. Martin made a spirited denial of the The Pennsylvania Live Stock Breeders' Association today adopted a resolu ion regarding "an increase of the present inadequate facilities for education in dairying as one of the most necessary measures for promoting the prosperity of the dairy industry." A resolution was also adopted commending the forty-

thousands of others.

"I owe my life to Dr. Miles' Heart Cure. After four doctors met in consultation on my case, their verdict was that I had suffered from heart disease so long that they could do nothing for me and I would surely die. My brother said, "While there is life there is hope, we will try Dr. Miles' New Heart Cure.' When I began taking it my nails had turned blue and my arms and legs were bloated to twice their natural size, and I lay in a stupor most of the time. After the first few doses the dizziness went away and after three bothes were host of the time. After the first few doses the dizziness went away and after three bothes i was able to go around the house and five Senators and 146 Representatives who voted for the \$50,000 appropriation for a dairy building. Prosperity.—"Great fortunes have been accumulated, and yet, in the aggregate, these fortunes are small, indeed, when compared to the wealth of the people as a whole. The plain people are better off than they have ever been before."

Trusts.—"Comparations and especially

than they have ever been before."

Trant.—'Corporations, and especially combinations of corporations, should be managed under public regulation. Our aim is not to do away with corporations; on the contary, these big aggregations are an inevitable development of modern industrialism.

Tariff Revision Remails,—"One proposition advocated has been the reduction of the tariff * * * Not merely J. L. Kendlshart, would this be wholly ineffective, but the diversion of our efforts in such direction would mean the abandonment of all in-

evils. * * * Many of the largest corporations—many of those which should,
certainly be included in any proper
scheme of regulation—would not be
affected in the slightest degree by a
change in the tunif save as such change
interfered with the general prosperity of
the country. To remove the tanif as a
punitive measure directed against trusts
would inevitably result in roin to the
weaker competitors who are struggling
against them."

Finance.—"To prevent a recurrence of financial stringencies which injuriously affect legitimate business it is necessary that there should be an element of elasticity in our monetary system.
